

FISGARD CAPITAL II INVESTMENT BROCHURE

BUILDING BRIGHTER FINANCIAL FUTURES

JULY 2017

FROM OUR CEO

WAYNE STRANDLUND
FOUNDER

Welcome to a better way to invest. Value investing lets you know your money is well-invested and growing. At Fisgard it's security of your capital first. That's why we invest in quality mortgages secured by valuable Canadian real estate property, cash deposits held at banks or other financial institutions and investments in real property which are held directly or indirectly through units of limited partnerships, as a result of action taken to enforce the Issuer's rights as a secured lender.

Invest with Fisgard and discover the difference between value investing and volatile investments.

We invite you to join our growing family of investors, thousands of happy Canadians who have good reason to relax and smile.

Thank you for your time and for considering a Fisgard investment.

Wayne Strandlund
Founder and CEO

Real estate security, reasonable returns and a long-range perspective are important to our clients and to us.”

FISGARD PROFILE

Fisgard Capital II Corporation was founded in 2014 to provide investors an opportunity to earn income from a diversified, stable and growing mortgage portfolio in the growth regions of Western Canada.

The two primary goals of Fisgard are to preserve capital and provide consistent returns to its investors. Fisgard has always paid a dividend and has never suspended redemptions.

The ranking or priority of the portfolio has a significant weighting of second or junior residential mortgages. Individual mortgages will not exceed a 90% loan to value ratio at the time of origination.

To achieve those goals Fisgard focuses on the underserved market for borrowers that require short term special situation financing not currently being serviced by banks, credit unions or trust companies. Fisgard responds quickly to these borrower needs and provides mortgages at higher yields. Our ability to provide a quick response and reasonable and flexible financing terms have proven to be successful as our portfolio currently provides our investors with diversification to reduce risk to their investment.

Professional mortgage lenders do not work in a box, and are able to adapt quickly to market conditions and take advantage of situations institutional lenders have difficulty doing. This is the essential advantage of private lending, and the reason for Fisgard's uninterrupted net cash dividends.

**FISGARD PROVIDES REASONABLE
DIVIDENDS AND GROWTH BY
CAREFULLY INVESTING IN QUALITY
MORTGAGES SECURED BY
CANADIAN REAL ESTATE PROPERTY.**

Our mortgage guidelines have stood the test of time with relatively minor changes to suit market conditions. When we have to adapt, we do; but rarely do we deviate materially from the basic mortgage investment guidelines listed below:

- We lend primarily on serviced urban property in communities that demonstrate economic stability and growth.
- We lend mainly against residential property.
- We lend from British Columbia to Ontario.
- We maximize security by making a larger number of smaller mortgage loans as opposed to just a few larger loans. In short, we avoid concentration, and we provide diversification.
- To maximize flexibility the majority of our mortgages are shorter term (1 to 2 years) allowing us to react and adjust quickly to changing market conditions.

MORTGAGE VOLUME AND DISTRIBUTION

- 69.5% of volume is in 2nd mortgages
- 30.6% of volume is in 1st mortgages

- 44.6% of volume in British Columbia
- 1.3% of volume in Manitoba
- 46.1% of volume in Ontario
- 0.9% of volume in Saskatchewan
- 7.1% of volume in Alberta

- 90.3% of volume in residential mortgages
- 9.7% of volume in non-residential mortgages

What is Fisgard Capital II?

Fisgard is a tax-exempt Mortgage Investment Corporation (MIC). Dividends paid to investors are treated as expenses for tax purposes, therefore they are not taxed. The result is a better return for our investors.

Investors place cash and registered funds – such as RRSPs, RRIFs, TFSAs and RESPs – in our 1, 2, 3, 4 or 5 year terms. We invest that money in mortgages secured by Canadian real estate property. The mortgages produce income, which we pass on to investors as dividends every month.

You can take your dividends in cash for income or reinvest your dividends so your investment grows through the power of compound interest.

How is my money secured?

Fisgard is a value investment, not a stock or mutual fund speculation. It is an investment not driven by fees. Your investment is secured by tangible real estate property. We invest in mortgages secured by quality residential and commercial properties in Canada. We choose real estate-backed mortgage investments because security of your capital is our highest priority.

WHY CHOOSE FISGARD?

Start small. You don't need a lot of money to start an investment at Fisgard. Start with just \$1,000 and contribute monthly if you like.

Get great returns. Every single month since January 2015 our investors have received reasonable dividends on their Fisgard investment.

Save money. Our Registered Retirement Savings Plans, Tax Free Savings Accounts, Registered Education Savings Plans and Registered Disability Savings Plans are among the most economical in Canada and qualify for monthly contributions.

Stay flexible. You can take cash dividends on part of your investment for income and reinvest the rest for growth. With sixty days notice you can switch from receiving cash dividends to reinvesting your dividends, or vice versa.

Secured by Real Estate. Fisgard puts the security of your capital first. Your investment is secured by Canadian real estate so you don't have to worry about what the stock market is doing.

HELPFUL TIPS

Helping you in Building Brighter Financial Futures

Tax Free Saving. Canada's Tax Free Savings Account (TFSA) is the most important development in savings since the Registered Retirement Savings Plan was introduced in 1957. It is an easy way for Canadians to invest without paying tax. You can invest up to \$5,500 a year in a TFSA and, unlike stressful fee-based stocks and mutual funds that require constant attention and are subject to unpredictable market fluctuations.

Saving for Retirement. Saving for retirement was never more important. The best way to ensure that you have the money you need to enjoy your retirement is to stick to a simple consistent savings plan, and value invest. That's where Fisgard's RRSP comes in. Get a tax deferral at the front, and count on steady growth along the way – building a retirement nest egg that is ready when you are.

Saving for Education. As a parent, aunt, uncle, grandparent or friend, you can help a student of your choice pay for his or her post-secondary education by investing in a Fisgard Registered Education Savings Plan (RESP). Combining the

Fisgard compound interest investment with the \$7,200 Canada Education Savings Grant you can grow a substantial post-secondary education fund over time. With an adequately funded RESP the student (beneficiary) will not be burdened with an expensive and often unmanageable student loan.

RDSP (Registered Disability Savings Plan). The RDSP helps parents and others save for the long-term financial security of a person with a disability. The plan structure is similar to a Registered Education Savings Plan and allows funds to be invested tax-deferred until withdrawal. Contributions to a RDSP are eligible for the new Canada Disability Savings Grant. There is also a new Canada Disability Savings Bond for individuals with lower family incomes.

Reaping the benefits. A Fisgard investment provides many benefits including regular income if you take your dividends in cash, steady growth through the power of compound interest if you reinvest your dividends, reasonable returns, and the friendliest service you could wish for.

FREQUENTLY ASKED QUESTIONS

Can I invest through my RRSP or TFSA as well as cash? Yes, Fisgard is an eligible investment for all Canadian registered plans, examples being the RRSP and Spousal RRSP, RRIF, TFSA, RESP, RDSP, LIF, LRIF, and LIRA. Many Fisgard investors invest cash as well as registered funds.

Can I transfer my registered plan to Fisgard? Yes you can. We handle the transfer for you.

How long is my money committed? Your funds are committed for 1, 2, 3, 4 or 5 years. You choose. Fisgard investments are redeemable at anytime, with applicable costs and some restrictions.

How is my investment secured? Fisgard's investments are secured by Canadian real estate property and the personal guarantees of mortgage borrowers.

What fees are associated with investing? At Fisgard there are no start-up fees associated with opening a cash account. RRSP and RRIF accounts cost \$100 per year for the primary plan-holder and \$75 per year for a secondary plan (such as the Spousal RRSP or Spousal RRIF). Fisgard's RESP costs \$24 per year, TFSA costs \$36 per year and RDSP costs \$42 per year. Our Registered Plan costs are among the lowest in Canada.

How am I taxed? Your returns are taxed as interest, not dividends.

Are investors notified of when their investment is due? Yes, with each Monthly Statement investors are provided details of investments maturing the following quarter.

Does Fisgard have a succession plan? Yes. An important feature of Fisgard's business is succession planning. We have been in business for a long time and will be for many years to come. Fisgard strives to be 3-deep at all company positions. Back-up is very important to us.

How do I benefit from compound interest? By reinvesting dividends compound interest increases your investment exponentially without any work. Unlike most banks that compound your interest once a year, Fisgard compounds your interest twelve times a year!

For example an investment of \$15,000 over 30 years earns \$22,500 in simple interest but can earn \$51,603 with compound interest, a whopping \$29,103 more than simple interest!

ABOUT FISGARD

Fisgard started in Victoria's Chinatown, in the Quonley heritage building at the corner of Fisgard and Government, near the Gates of Harmonious Interest. In 2004 we moved to Douglas Street where we bought and renovated the Royal Bank building.

"Fisgard" was named after Fisgard Lighthouse in Victoria. Built in 1860 in Esquimalt Harbour, the lighthouse served as a beacon for the British Royal Navy's Pacific Squadron, and is today home base for the Royal Canadian Navy. Fisgard Lighthouse - the oldest lighthouse on the west coast of North America - is a famous National Historic site visited by thousands of tourists each year.

Fisgard Lighthouse symbolizes protection security and stability, qualities we believe are important to investors. We are proud to have provided our growing family of investors a way to save for the future.
